River Run Subdivision

City of Burlington

Dunster Management Limited retained van der Woerd Associates for planning, engineering and surveying services in this infill residential subdivision on the banks of Bronte Creek.

River Run Subdivision is a seven lot prestige residential subdivision on the banks Bronte Creek in Burlington. van der Woerd Associates reconstructed an old road within an existing neighbourhood where preservation of trees and bank stability were critical issues.

Services Performed:

- Cost Estimating
- Subdivision Agreement Negotiations
- Engineering Design and approvals for Watermains, Sanitary Sewers and Storm Drainage
- Road Construction and Earthworks.
- Contract Preparation, Tender and Administration
- Construction Inspection and Layout Survey

Location:

Burloak Drive, north of Upper Middle Road,
Burlington

Client

Dunster Management Limited
