

van der Woerd
& Associates Ltd.
Consulting Engineers

Simcoe Erie Insurance Company

City of Burlington

van der Woerd Assoc. were retained by Geofcott Developments to develop a 100,000 square foot office building on 45 acres of land near the Q.E.W.

Watermain and Sanitary sewer were brought in from the external areas to service the property. Site grading was a challenge due to elevation differences from north to south and the need for a large flat area for the building.

Services Performed:

- Site Grading Design
- Traffic Analysis
- Detailed engineering design for watermains, sanitary sewers, storm drainage and road construction
- Contract Preparation and Tender
- Final Inspection

Location:

649 North Service Rd. West, Burlington

Client

Geofcott Developments
