

Hardale Cres., Shirley St., Percy Ct., Road Reconstruction, Watermain Replacement and Sewer Repairs.

City of Hamilton

The City of Hamilton retained van der Woerd Associates to complete engineering design of watermain, sanitary sewer, storm sewer and road reconstruction.

The design of this contract enabled the contractor to connect to existing commercial areas and a school without service interruption. The design also accounted for the uncertainty of the location of some of the existing services.

Services Performed:

- Detailed Engineering Design for Watermain and Road reconstruction, Sanitary Sewer and Storm Sewer repair.
- Contract Preparation and Tender

Location:

South-West of Upper Kenilworth and Fennell
Ave., Hamilton
